SUBJECT: General - Political Action, ERRATIC/CALLIGERIS
Specific- Debriefings of JUVIA-II in re: FT/11
REF: HULA-20 FT/11; HULA-62; and LINC 733.

1. Attached hereto are the debriefings of JUVIA-II by JUVIA in re: ERRATIC/JUVIA-II conversations.

2. It is again pointed, since there seems to be some question of Station objectivity in preparing these debriefings, that JUVIA dictates from his notes directly to the Station secretary and that the resulting debriefings are forwarded without substantive change or deletion but only edited for sentence structure; to substitute appropriate cryptonyms; and to insert on suitable occasions Station comment which is always specifically so denoted as such.

3. It is also again noted that neither JUVIA nor any of the Station personnel have ever met ERRATIC and great caution is preserved in never discussing him without the confines of the office. It should also be mentioned Station personnel have never met JUVIA-II either.

4. Attention is particularly directed to the two lists attached to these debriefings. One of these is of the Guatemalan Military organization of ERRATIC while the other is a list of Guatemalans considered by ERRATIC to be Communists.

5. Attention is also directed to the second page of the latter list wherein it is indicated approximately (40) forty Army officers are currently attending a Soviet School for Latin Americans located at Prague, Czechoslovakia.

6. The latter list was provided Lincoln personally by the undersigned on 17 Mar 54.

7. The approach to ERRATIC by ARENAS who suggested he mediate, or arbitrate, an ERRATIC/CALLIGERIS entente would also seem particularly pertinent.

Debriefing of JUVIA-II by JUVIA

In ERRATIC/JUVIA-II meeting of Monday afternoon, 15 March 1954 (11th meeting)

1. Three loyal anti-Communists in Guatemala are:

Lic. Carlos Fernandez CORDOVA
Lic. Alberto HERRARTE
Dr. Jorge Asturias BURBANO

2. BURBANO is a physician to whom AREVALO owes his life. When AREVALO was president, groups of entertainers were brought to Guatemala. A Russian Ballet group came through and AREVALO and various others enjoyed a gay time with the girls of the ballet. Coming back after an evening of fun, his car went over an embankment and his spine and his ribs were broken and his condition was most serious. An officer by the name of (fnu) ARANA immediately (Naval officer) placed an armed guard about the car until adequate facilities were procured to move AREVALO. AREVALO was taken to the palace and guards placed about it so no one would know AREVALO was hurt. ARANA then procured Dr. BURBANO and AREVALO confessed to him that he felt he would loose the country if he was forced to leave it for medical treatment. He asked the Dr. BURBANO to do everything possible for him but he must remain in Guatemala. BURBANO gave him an examination and told him his condition was most serious but could not be definite until an X-Ray was taken. Rather than remove AREVALO, Dr. BURBANO and ARANA were commissioned to move the X-Ray equipment to the palace for the examination. The Doctor asked for six hours to give a definite answer. Finally the Doctor gave an affirmative answer to the effect he felt he could restore AREVALO's health without his leaving Guatemala. He gave him his entire attention and achieved a complete recovery in a very short time. AREVALO was profuse with expressions of gratitude and said he would be always indebted to him. After this the doctor presented a bill for $5,000. AREVALO then stated he was a poor man and couldn't pay and finally gave the doctor a very small sum. The doctor then became persona non grata and was barred from the palace. The doctor is understandably resentful of AREVALO.

3. ERRATIC provided an extensive list of Communists in Guatemala, each in proper category. They are all dangerous, but it has been realized women are the most dangerous. They all carry fire arms and do not hesitate to use them. (Station Comment: This list was hand-carried to LINCOLN by RENNELL and delivered there 16 March 1954)

4. Jose Luis ARENAS Barrera is a key to better understanding of the CALLIGERIS movement. If ARENAS is as close to CALLIGERIS as he purports then it must be assumed CALLIGERIS is not ignorant of his connection with the ARBENZ Government. If ARENAS is over-stating his association with

CALLIGERIS then he is penetrating the CALLIGERIS movement for ARBENZ. If ARENAS is not in fact loyal to ARBENZ then he is most ineffectual and stupid in his opposition.

5. Reasons for believing Jose Luis ARENAS Barrera to be a Communist:

A. In 1950 all of the independent parties were backing ERRATIC. ARENAS was then the Head of PUA (anti-Communist group). ERRATIC was told, and had also noticed that ARENAS was always trying to discourage and kill the morale of the group. Always pointing out that the Government was too strong, etc., his tone was discouraging and disparaging, and his advice and consul were always wrong and misleading.

B. When CALLIGERIS made his abortive charge on the Cuartel, the Guatemalan (ARBENZ-AREVALO) Government retaliated by outlawing every other party, and destroying their buildings, furniture, and burned all their files and records--all, that is, except PUA of which ARENAS was the Chief. PUA was not touched and was allowed to continue with the obvious stamp of Government approval. All other parties were wiped out.

C. The entire time ARENAS was in the Assembly, he did absolutely nothing, either in words or actions to assist the anti-Communist case, or against the Government.

D. When he married, his wife had a large finca, which under the community property laws became half his. A large mortgage on this property became due in 1950. They had no money and could not pay it. ARENAS then applied to the Government Bank and was given the money he wanted. It is common knowledge that only party members can obtain loans from this Bank.
Note by JUVIA: It is known that ARENAS has been spending lavishly from the income derived from the property--so much so that his wife and mother-in-law are trying to take legal action to prevent this free spending.

6. ARENAS has recently contacted ERRATIC and wanted to act as a mediator and go-between for ERRATIC and CALLIGERIS. ERRATIC told him that the time was not propitious for such action. He said it would be better to await the results of Caracas. ARENAS left after that for Honduras.

7. TORIELLO's speeches are written for him by (Licenciado) Augustine Estrada de la HOZ (Note: HOZ means sickle. TORIELLO brags that his name makes him a real Communist.)

8. On 12 March 1954 ERRATIC went to the airport to meet Clark H. GALLOWAY, in the pay of U.S. NEWS AND WORLD REPORT. He was previously Head of Intelligence under Marshall. He is on his way back from Caracas. ERRATIC thinks that because of his past work he might still have PBPRIME Government connections.
ERRATIC said, "If you will please excuse my comment, he asked a typical foolish North American question--'How can we prove ARBENZ is a Communist?'" ERRATIC replied that he was sorry, but that he did not know enough about the procedure and internal workings of the Communist Party to know what legal documents were issued to party members to prove that they were Communists. However, he could from publicly known facts state a few that would tend to indicate that ARBENZ was a Communist.

A. One fact that may be considered is that in ARBENZ' opening address to the Assembly he stated, "There is organized Communism in Guatemala and it is the principle source of inspiration to our Government."

B. Another fact that comes to mind is that in March 23, 1952 there was a parade of 105,000 anti-Communists which marched for hours in front of the National Palace. This demonstration was a result of six months organizational work on the part of the anti-Communist groups. The leader of this demonstration presented a petition to the Government asking that, in accordance with Article 30 of the Constitution (which prohibits affiliates of any international parties to operate in Guatemala) that all non-Guatemalan Communists be expelled from the country. The petition was ignored. Two months later the petitioners requested a reply from the Government. When they received none they again held a demonstration during which they burned the Constitution publicly. The police and Army opened fire on the demonstrators killing many, including women and children.

C. These above facts might indicate that ARBENZ is a Communist.

9. Loyal people, anti-Communists, in Guatemala, are:

A. (Lic.) Carlos Fernandez CORDOVA (of Guatemala City)

B. (Lic.) Alberto HERRARTE (of Guatemala City)

C. (Dr.) Jorge Asturias BUENAÑO (He saved AREVALO's life, then in payment was badly treated.)

10. Received from Guatemala 15 March 1954: The Minister of Economy (Great) Roberto FANJUL has organized a menas of robbing with his partner Jacobo ARBENZ and others, the amount of four million dollars from the reserves which uphold the Quetzal, the National money. The American and Canadian Insurance Companies that desire to continue to operate in Guatemala must deliver to the Government there a deposit of four million dollars, which they have already paid. The Government of Guatemala has then ordered transfered from the Banco de Reserva, where they have the funds which back the value of the Quetzal, to the National City Bank of New York four million dollars (gold) to serve as a guarantee to the insurance companies. In other words, the four million paid by the insurance companies has been robbed by ARBENZ & Co. while the money that backs the Guatemalan National Currency has been deposited in New York as the guarantee paid by the insurance companies.

Debriefing of JUVIA-II by JUVIA

In re: ERRATIC/JUVIA-II meeting of Tuesday, 16 March 1954 (12th meeting).

1. ERRATIC furnished the attached list by Guatemalan Districts of his chief political adherents.

2. General CARDENAS of Mexico is reviving anti-Americanism, writing and speaking throughout Mexico. He seeks to head the anti-Imperialistic Forces in Latin America. He is spending a considerable amount of money on his campaigns. President CORTINES is considered the puppet of CARDENAS.

3. Capitan Marco Antonio GARCIA came to San Salvador from Guatemala as another supposed exile seeking safe conduct but on arrival produced a Guatemalan passport with a visa for himself and for his family. He is known as a labor leader in the Public Works Department of Guatemala. He contacted ERRATIC and tried to convince him that he had opposed syndicates and labor leaders. He now lives with Victor Manuel MIJANGOS, who is accepted as a Guatemalan spy in Salvador. Incidently, MIJANGOS is his cousin. He is not the military type but is well-versed in labor law and intrigue. He stated the Guatemalans are not as disturbed about Barrios Pena and CALLIGARIS as they are about ERRATIC. ERRATIC asked GARCIA if Guatemala expects PUYOKE to take effective action against Guatemala. GARCIA stated PEPPINE diplomacy was weak at Caracas and that TORIELLO had become the hero of Latin America--naming the dollar diplomacy of the North and the policy of U.S. Imperialism.

4. Comment: The following items are added by JUVIA, whose source was Rafael SCHUTZ.

A. (fnu) LAURENT is a man in Salvador who worked for Isaac DELGADO when DELGADO was Aviation Chief for SOMOZA. He now works for Francisco "Paco" Munoz Arue, driving a truck between Honduras and Salvador. He states Castillo ARMAS forces are about to attack FIGUERAS. Due to the DELGADO exposa Castillo ARMAS will hold the ARBENZ problem in abeyance.

B. Rafael SCHUTZ states two P-51s given to Castillo ARMAS were not obtained from CUYOKE but were provided by Venezuela to ARMAS for undertaking to dispose of FIGUERAS. He has also received money from Venezuela.

COMMENTS BY JUVIA MAINLY OBTAINED FROM [redacted]

1. He claims that [redacted] found a man in the [redacted] that was a perfect double for RUFUS, and this man is now in [redacted] pay.

2. A man by the name of [redacted] a Costa Rican, is now the liaison for [redacted] and RUFUS. This was previously DELGADO's job. Incidently DELGADO's brother is an ex-Alcapon Mobster.

3. Venezuela supplied RUFUS with two F-51 aircraft and considerable amount of money in exchange for his promise of assistance to knock the FIGUERES government. RUFUS now intends to take action against FIGUERES, after which he will take action against ARBENZ. RUFUS told a friend of [redacted] that he wouldn't give a plug nickel for DELGADO's skin.

4. A man by the name of LAURENT previously in a government position at the time when DELGADO was the airchief of Costa Rica is the source of information regarding RUFUS's plan to attach FIGUERES before taking action against ARBENZ. LAURENT drives a truck for a Salvadoran politician making regular trips between Honduras and Salvador. [redacted] has just left for Panama and plans to see SOMOZA in regard to some paint business referred to in radiograms sent by SOMOZA from an enroute Pan American aircraft during his recent trip to the United States. [redacted] states that friends with whom he has come in contact on his trips between Guatemala and Panama feel ERRATIC to be in a much stronger political and internal position than is CALLIGERIS.
